

Leavitt Meadows Pack Station

Craig Randall

Winter 2007

Dear Friends,

It is with great sorrow that I begin this newsletter by announcing the passing of Bart Cranney. He was a great man that touched so many lives. I will always look up to him. There is no other person that I have learned so much from. Bart came to Leavitt Meadows Pack Station in the early 1950's. Leavitt Meadows became a family business where family, fiends and customers love to visit. Bart's devotion to the stock, staff and business fostered a thriving environment for all to enjoy. So many people have shared their memories and stories of Bart with us and we hope you continue to share those memories and keep Bart's spirit alive.

Sincerely,
Craig Randall

Our Future...

Leavitt Meadows Pack Station will continue to be a family business. We were thrilled to see a lot of you folks last summer and always appreciate you spending your limited vacation time with us. We are already getting geared up for the 2008 season!!! There will be a few minor changes including discontinuing the end of season stock drive because of liability concerns. Please check our website for updates.

Weather...

We did not have very much rain this past summer and so far we have not had a storm that has amounted to much. But the winter is just beginning so we are keeping our fingers crossed!!!

Pictures...

We are going to update the photo album page on our website by adding a album dedicated to Bart. We would love for you to send us your pictures of him. If you know the year of the photo, please include it in the email. We will also add your name if you wish.

Fremont Lake...

Fishing is absolutely great! The lake was stocked with 10,000 Rainbow Trout in '05, '06 and '07. This is a going to be an awesome fishing year. Do not miss this wonderful opportunity to camp and fish at this beautiful lake. Also, our first two basecamps will be held at Fremont.

2008 Base Camps
